Public / Private / Research:
(Research kits can be used with any GEDmatch utility, but they will not be shown in comparison results for other kits. We do NOT encourage the use of the 'Research' option with normal kit uploads, since it is not consistent with the free exchange of genealogy information.)
 Public Private Research
(*'Public' not allowed for phased kits)

Would you like this kit to be part of the SNP sharing pool? WARNING: Setting this option to 'Y' may expose health related information to other GEDmatch users.
